

# Transitional Care with CorsoCare

Seniors and their families don't need surprises as they move from one care setting to another. They need a trusted guide to navigate their unique health care path.

The health care system can be tricky to navigate. Every individual's care plan is unique to them, and when changes happen with their health care process, it can lead to errors, confusion and a lack of communication.

That's where our transitional care program can help. Through transitional care, you work with an expert CorsoCare Healthcare Specialist to ensure the seamless execution of your personalized care plan.

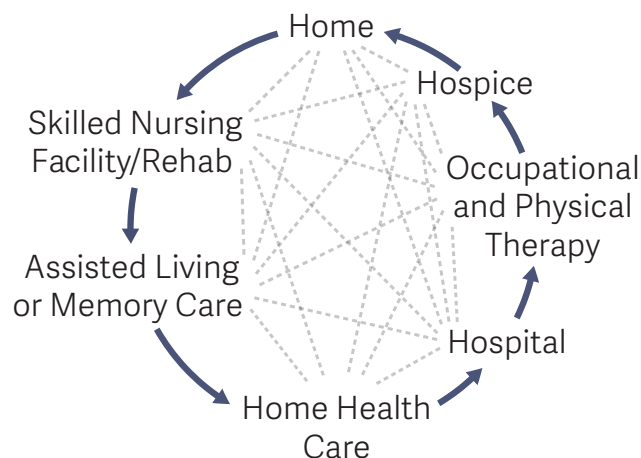

## How does transitional care work?

**A CorsoCare Healthcare Specialist will serve as your advocate throughout your care plan.**

### They will:

- Educate you on your care options
- Alert you to any potential errors in care
- Ensure continuity of care as you move from one level of care to another across various providers and settings
- Work with you to get you back to your home as quickly as possible

**In need of transitional care? We're here to help! Call today at 248-438-1503 to get started.**
